with a gift wrapping

## BRICKS COLOURS

## PERSONALIZATION

Use our personalization software at our website [www.q-bricks.com](http://www.q-bricks.com) to create a personalized block of bricks. The puzzle block consists of 2x2 and 2x4 bricks. In our personalization program, you will find many pre-designed templates that have been created for the very easy editing/uploading of photos, changing text, adding thumbnails and much more. You can quickly change the template however you like and it will be entirely your design. Placed upright, it is free-standing and makes an excellent and original frame. The bricks are packed disassembled in a practical plastic box in a gift wrapper, on which you can also write a dedication. We use UV digital technology for printing, which provides vibrant, durable colours and it is resistant on scratches.

We also offer a personalisation of keychains, puzzle blocks in any size and individual sets made just for you. Please contact us per email [info@q-bricks.com](mailto:info@q-bricks.com) for your personalised offer.

# PERSONALIZED PRODUCTS

## “MULINO MATTONCINO®” PROJECT

You all know Mulino Bianco biscuits, right?

The famous Italian brand Mulino Bianco turned to Q-BRICKS® to design and build the MULINO MATTONCINO (BRICK MILL). A real mill to be built with the Q-BRICKS® bricks: more than 1,000 pieces to compose the Mill that has been on the packaging of biscuits, snacks and breads since 1975.

The product exclusively for Mulino Bianco is totally customised and the elements have been developed precisely for the specific requirements of this project: the characteristic windows, the Tuscan-style tiles and the ever-present Mulino revolving wheel.

The Mulino Mattoncino (Brick Mill) was raffled in 2022 in an Instant win competition and from now on consumers can also buy it on the Dedicato a Te platform <https://dedicatoate.mulinobianco.it>

**So, if you have an idea for a personalized product that would increase your company's visibility, contact us!**

# LOOSE Q-BRICKS
